TradeUP Global Corporation Files Registration Statement on Form F-4 in Connection with Proposed Business Combination with SAITECH Limited, a Eurasia-Based Energy Saving Bitcoin Mining Operator

NEW YORK, Oct. 22, 2021 /PRNewswire/ -- TradeUP Global Corporation (“TradeUP Global” or “TUGC”) (Nasdaq:TUGCU), a publicly traded special purpose acquisition company, and SAITECH Limited (“SAITECH”), a Eurasia-based energy saving bitcoin mining operator that engages in the hosting of bitcoin mining machines for its clients, today announced the initial filing with the United States Securities and Exchange Commission (the “SEC”) of a Registration Statement on Form F-4 (the “Registration Statement”) containing TUGC’s preliminary proxy statement/prospectus in connection with their previously announced business combination. While the Registration Statement has not yet become effective and the information contained therein is subject to change, it provides important information about SAITECH Limited and the proposed business combination with TUGC (the “Business Combination”).

“The filing of our registration statement is a critical tipping point in our proposed business combination with SAITECH. We truly believe that SAITECH represents a unique business opportunity in the bitcoin mining space, as it has strong competitive competencies with its advanced technologies and leading operations in the Eurasia region. SAITECH’s unique and innovative technological solutions that recycle the energy used from mining into large scale heating is at the forefront of resolving energy waste from mining activities, one of the most controversial topics in the industry today.” said Jianwei Li, Chairman and Co-CEO of TradeUP Global.

Arthur Lee, Founder and CEO of SAITECH, said, “We are extremely excited to have reached this key milestone in the transaction process. This brings us one step closer to accessing the global capital markets to strengthen our leading position in Eurasia’s bitcoin mining arena. The proceeds from this transaction will be used to invest in our growth initiatives and recycled energy technologies, fulfilling our mission of promoting the clean evolution of bitcoin mining.”

As previously announced on September 28, 2021, TradeUP Global entered into a definitive business combination agreement on September 27, 2021 (the “Business Combination Agreement”), pursuant to which SAITECH and TradeUP Global would combine, with TradeUP Global being renamed “SAI.TECH Global Corporation” and its Class A ordinary shares continuing to be listed on The Nasdaq Stock Market under the new ticker symbol “SAI”.

The Business Combination values SAITECH at a \$228 million equity valuation. Estimated cash available to SAITECH from the transaction are expected to consist of TradeUP Global’s \$44.9 million of cash in trust (assuming no redemptions) or a minimum of \$17.5 million assuming maximum permitted redemptions.

The Business Combination will require the approval of the shareholders of TradeUP Global and is subject to other customary closing conditions. The transaction will also require the approval of the shareholders of SAITECH, while SAITECH shareholders holding the requisite vote have executed a support agreement and agreed to vote in favor of the Business Combination and related transactions by unanimous written consent or at a meeting of shareholders when called by SAITECH. The Business Combination is expected to close in the first quarter of 2022.

The Registration Statement, which has not been reviewed or declared effective by the SEC, can be viewed on the SEC’s website.
